Is this route for you?

Doctors, dentists, nurses, pharmacists and physiotherapists who want to practise in Saudi Arabia.

Requirements

- [ ] Internship certificate
- [ ] At least one year of professional experience (minimum for non-Saudis)

What you'll need

- Authentication of your qualification and experience letters.
- A classification level that matches your experience.
- Registration needs lawful residence in the Kingdom, so it comes after the job offer.

Documents checklist

- [ ] Qualification certificate
- [ ] Internship certificate
- [ ] Academic transcript
- [ ] Experience letters
- [ ] Professional registration certificate, or a Ministry of Health letter if your country doesn't issue one
- [ ] Passport

Step by step

1. Apply for professional classification through Mumaris Plus.
2. Complete document authentication.
3. Sit any professional evaluation the SCFHS asks for.
4. Accept a job offer; your employer arranges the visa.

5. Apply for professional registration once you're in the Kingdom.

Your next three steps

1. Open a Mumaris Plus account and list your documents.
2. Start authentication of your degree and experience letters.
3. Prepare a Gulf-style CV and start applying to employers.

Registration, immigration and hiring

These are three separate decisions, made by different organisations. Getting one doesn't give you the others.

Professional registration	SCFHS professional classification, which you can start from outside the Kingdom, then registration once resident.
Immigration	Work visa and residence through your employer.
Hiring	Registration follows a job offer from a Saudi health facility.

Costs

Our fee

How we help on this route

- Classification document checklist
- Gulf CV, cover letter and interview preparation
- Job search with Saudi employers

How we work with you

1. **Start with the Pathway Finder.** It's free and takes a few minutes. You see which routes suit your profile and what you'll need, before we ask for anything.
2. **Talk it through.** In a 30-minute consultation we go through your Finder results, your documents and your priorities, and agree the route that makes sense.
3. **Get a written plan.** You leave with the order of steps: verification, exams, applications and job search.
4. **We prepare the application with you.** If you choose a pathway package, we work through the checklist with you, review your documents and CV, and prepare each application before you submit it.
5. **Job search and interviews.** We help you target the right employers, write a CV that fits the country, and prepare for interviews.
6. **Stay with you to the next milestone.** We keep working with you until the step the package covers is done, and we tell you plainly when something is outside our control.
