Live classes, recorded lectures, and focused preparation under experienced teachers.

Regular Fee
USD 200

Early Bird Offer
USD 180
valid till 7 April

Full refund in the first 7 days if you are not satisfied.

Who this course is for

- IMGs preparing for the AMC MCQ exam with a structured timetable
- Candidates who want guided classes instead of random, unplanned study
- Doctors who need accountability, progress review, and mentor feedback

Why candidates choose this program

Experienced teaching team

Classes are delivered under experienced teachers with a focused approach for AMC-style question solving.

45-60 day intensive plan

A dedicated course window designed to keep momentum high and cover the key exam areas efficiently.

Live + recorded learning

Each live lecture is supported with a recording so students can revise, catch up, and revisit difficult topics.

Dedicated WhatsApp groups for 1 year

Students remain connected to supervised support groups for one full year for continuity, guidance, and accountability.

Progress tracking and score review

Mentors assess scores, percentages, and performance trends to identify where each student is improving and where support is needed.

Weak-area improvement strategy

Targeted feedback is provided to strengthen weak subjects, repeated mistakes, and low-scoring patterns.

How the course works

Stage	Focus	What students receive
Phase 1	Foundation and core concepts	Structured live classes, recorded lectures, and guided study direction.
Phase 2	Question-solving and reinforcement	High-yield review, correction of weak areas, and feedback on performance.
Phase 3	Consolidation and exam readiness	Focused revision, mentor support, and strategy to strengthen scoring consistency.
Post-course	Extended supervised support	1-year WhatsApp group access for continued guidance, accountability, and score review.

Included student support

- Clear weekly direction instead of resource overload
- Recorded lecture access after each class for revision
- Performance follow-up through scores and percentages
- Mentor guidance to work on individual weak areas
- Professional communication and supervised support environment
